Press Release

Qualcomm and Lenovo Sign 3G/4G China Patent License Agreement

FEB 17, 2016 | SAN DIEGO AND HONG KONG

Qualcomm products mentioned within this press release are offered by Qualcomm Technologies, Inc. and/or its subsidiaries.

Qualcomm Incorporated (NASDAQ: QCOM) and Lenovo (HKSE: 992) (ADR: LNVGY), a global leader in innovative consumer, commercial, and enterprise technology, today announced that they have entered into a new 3G and 4G patent license agreement for China, which covers devices marketed by both Motorola and Lenovo. Under the terms of the agreement, Qualcomm has granted Lenovo a royalty-bearing patent license to develop, manufacture and sell 3G (WCDMA and CDMA2000) and 4G, including 3-mode (LTE-TDD, TD-SCDMA and GSM), complete devices. The royalties payable by Lenovo are consistent with the terms of the rectification plan submitted by Qualcomm to China's National Development and Reform Commission.

"As a leading global provider of mobile devices, Lenovo is pleased to have concluded another license agreement with Qualcomm, which improves our IP position in China," said Scott Offer, general counsel of Lenovo. "This agreement also provides a solid foundation for Qualcomm and Lenovo to expand and strengthen the long-term relationship between our companies, both in China and around the world."

company continues to bring exciting new Lenovo and Motorola devices to consumers around the world."

About Lenovo

Lenovo Group (HKSE: 992) (ADR: LNVGY) is a $46 billion global Fortune 500 company and a leader in providing innovative consumer, commercial and enterprise technology.
