WILMINGTON, Del., Jan. 16, 2024 (GLOBE NEWSWIRE) --

InterDigital, Inc. (Nasdaq: IDCC), a mobile and video technology research and development company, today announced that the company has signed a new patent license agreement with Samsung Electronics.

The agreement licenses Samsung’s digital TVs and computer display monitors under InterDigital's joint licensing program with Sony and includes licenses to key technologies including ATSC 3.0, as well as licenses under InterDigital's patents including HEVC, VVC and Wi-Fi.

“Samsung is a recognized market leader in consumer electronics and the largest TV manufacturer in the world,” commented Eeva Hakoranta, Chief Licensing Officer, InterDigital. “I am pleased to say that this agreement is another example of a deal achieved as a result of negotiation and is another important step in our licensing of the consumer electronics industry underlining the value of our technology for this market.”
